"Leadership and learning are indispensable to each other."
John F. Kennedy

A leader in advanced real estate education, the Real Estate Institute of Canada (REIC) is an association of professionals that has been educating and certifying specialists in real estate since 1955. The internationally recognized designations and accreditations offered by REIC are an excellent way for consumers, investors and portfolio managers to identify committed and experienced real estate professionals.

Real Estate Institute of Canada courses, which can be taken as part of an Institute designation or as stand-alone continuing education credits, are the most well-respected and comprehensive courses offered for Real Estate Professionals in Canada.

All of our programs are built upon the "Four Cornerstones of Professionalism"; Education, Experience, Ethics and Lifelong Learning, the foundation for true professionalism in any field. REIC designations offer increased exposure through networking events, plus added credibility and boosted confidence that stem from professional education and increased knowledge.

As an **Affiliated Member of REIC**, you will be able to connect with real estate agents and brokers (FRI & CRES), property managers (CPM® & ARM®), real estate finance practitioners (CRF), leasing officers (CLO), condominium managers (CMOC), residential mortgage underwriters (CRU) and reserve planners (CRP & ARP) from across Canada.
